

Statutory Authority Membership

2017

Be Connected • Be Compliant • Be Confident

FTA is the leading trade association in the logistics industry. Boasting a rich history of 127 years, our aim is to represent and support our 16,000 members in achieving a safe, efficient and sustainable transport operation.

We feel that it is important to ensure that the money you spend on your FTA membership is used to improve the industry, and policies and legislation within it. Please take a look at our 2017 section (page 7) of this brochure to learn more about how we will be working to support the industry throughout the year.

Why join FTA?

Be connected...

Shape policies and the industry for the future through our Freight Councils and stay better connected with industry peers through a variety of networking opportunities.

Be compliant...

With our support and guidance that is tailored to your operation, our experts can help you unravel complicated legal policies, explain how they relate to your operation and advise on putting measures in place to protect you from non-compliance.

Be confident...

Save time with all the information you need in one place. Our clear implementation advice also helps you save time on planning. Cut costs through minimising business risk, eliminating the cost of third party solicitors or consultants and benefit from discounts on other FTA products and services.

“

FTA has made a noted impact on the efficiency and compliance of our transport operation. The advisors at the Member Advice Centre are always very helpful and we truly value their advice. The other services we have taken from FTA, such as a systems audit and tacho analysis, have all been carried out to very professional standards and have proved valuable to our operation. I would recommend membership of FTA to any company that wants to achieve efficiency and compliance in their work.
